## *Highland High School* *Medina County, Ohio*

This is a typical scene at 3:15 p. m. as the students board their school buses for home. Does it make you wonder what the school life of a teenager is like today in a modern high school? Come along with us and enjoy the high points of our 1959-1960 school year. Your journey will make you proud of our accomplishments and give you a new and refreshing view of teenage life.

Scope of the year: On Senior Awards Day there was an auto "accident". A senior Dennis Olsen and a junior James Davis were drag-racing on 66 (road beside the High School). Dennis hit head-on with a Mrs. Collins (I had his daughter in my Cabin in Jr. 4-H Camp, on Kellies Island). Mr. Collins was killed, and so was Dennis. Jim spent the summer in jail.

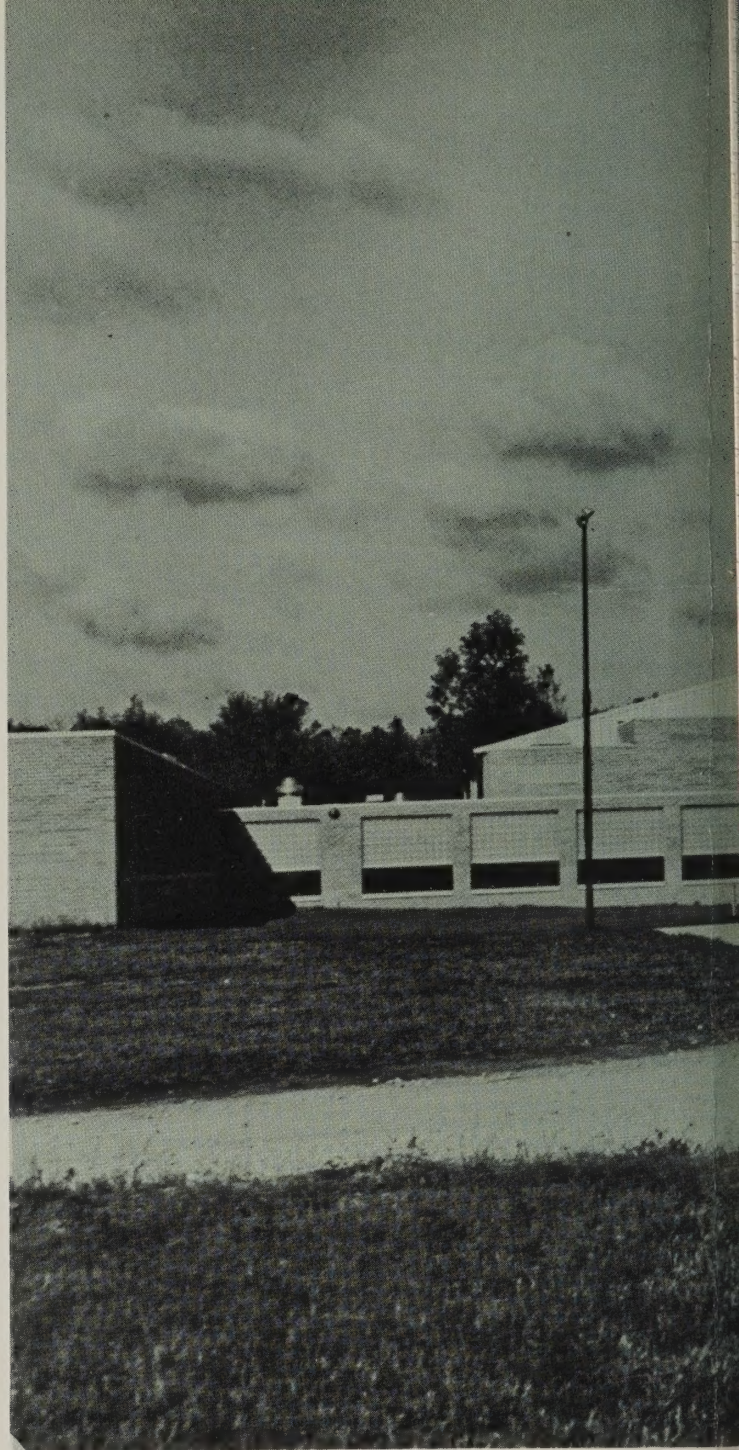

## Foreword

Our past, our present, and a never ending future spread before us like a great highway. Throughout these years at Highland we have followed this forward trend marching endlessly down this road. A road that has been traveled before by many people, always making mistakes, sharing joys and sorrows. Along this road we have developed not only our minds, but also our personalities and interests by participation in sports, music, and the various organizations. On this road achievement comes only to those who diligently work until the end.

In following this great highway, be eager to look ahead, but don't forget that you have a pathway behind you housing many memories and experiences. We have tried to record some of these memories of the road we have traveled together in this. . .

## Our Challenge

We are now in a nerve-wracking race to match bomb for bomb, satellite for satellite. How much more wonderful if we could produce something that would stimulate the fundamental qualities of human beings to rise above the man-created barriers and merge in global friendship. We should do something toward creating a world of fellowship.

You ask, "What can I, as a little individual, do?" First, you must learn to get along with yourself. You may have to change your attitudes, and this requires real character. Second, you must develop a positive approach toward the challenging problems that confront us. Too many have a negative attitude.

If our world is to become smaller, people must become bigger in order to live successfully in it. Our contribution can be to help in the building of broader outlooks and wider horizons.

L. O. Vermillion, Superintendent

### Focusing Beyond

Today, everyone seems to be looking out toward space. Some know what they are looking for, while others seem to be out of focus. It is difficult to get a clear picture of the world beyond unless you are looking through a well ground, polished, and properly focused lens. Precision is important from beginning to end.

Seniors, you are our lenses into the future. Ambition is your precision. It has been said, "A good mind cannot be kept down." Be sure your "ground" work is complete. Set your goals high and focus in, for our nation's continual growth depends upon your mature look into the future.

Richard W. Chaffee, Principal

# Faculty

Mrs. Day

Mr. Eckart

Lester C. Eckart (Baldwin-Wallace, B.M.E.; University of Michigan, M.M.E.) directs the marching band and senior concert band and the junior band at the junior high. He also gives musical instruction at the grade schools and the junior and senior high schools. The camera catches the band putting the final touches on one of their 'shows.

Geneva S. Filak (Baldwin-Wallace, B.S. in Education) is in charge of the classes for our homemakers of tomorrow. In the picture she gives the girls a helpful hint in the culinary department. She also teaches a class in general science and is one of the Senior class advisors.

*Mrs. Filak*

*Mr. Furlong*

Among the newcomers to Highland is Birchard A. Furlong (Kenyon College, A.B.). He is kept busy getting all of the news in the Hi-Lites organized and ready to go to press each month. He also teaches journalism and classes in Sophomore and Junior English. Students seem to be concentrating as the camera looks in on a Junior English class.

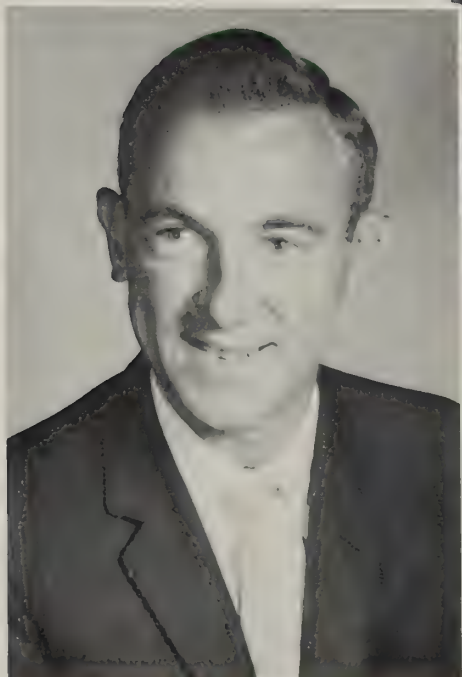

*Mr. Gienke*

Roy C. Gienke (Kent State University, B.S. and M.E. in Education) teaches American History, American Government and physical education. His extra duties include varsity basketball coach, athletic director, track coach, and boys' counselor. Mr. Gienke does calisthenics with one of his physical education classes.

Edna Jedlicka (Baldwin-Wallace College, B.A. in Education) takes over in the advanced math department. Mrs. Jedlicka teaches first and second year algebra, plain and solid geometry and trigonometry. She is also Y-Teen advisor and one of the Sophomore advisors. Mrs. Jedlicka is shown here with her Solid Geometry class.

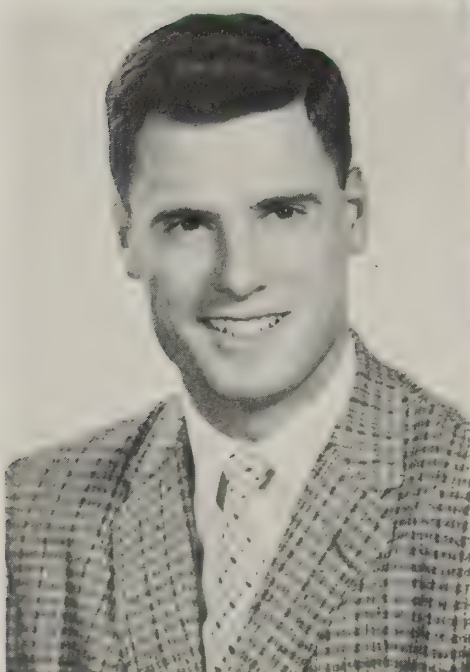

A. G. Kahl (Kent State University, B.S. in Education) is one of our social studies instructors. He teaches classes in sociology and American history. The camera shutter snaps as his World History class listens carefully. He is also the National Honor Society advisor and one of the Junior class advisors.

Mr. Kahl

Mr. Kemp

Martin Kemp (Ashland College, B.S. in Education) is one of the commercial teachers who helps train our future stenographers and secretaries. He is seen here giving dictation to his shorthand class. He also teaches book-keeping, general business, and office practice. His extra duties at Highland include Junior class advisor and production advisor of the Hi-Lites.

Robert E. Kilgore (University of Akron, B.A. in Education) heads our science department. He teaches biology, chemistry, and physics. He is also Science Club advisor and Sophomore advisor. Here we find Mr. Kilgore demonstrating a problem in chemistry.

*Mr. Kilgore*

*Mrs. Ludwig*

Mary Lou Ludwig (Western Reserve University, B.A. in Education) budgets her time among these activities at Highland. She teaches a class in Sophomore English and Freshman English. She also teaches Speech and is director of the Junior and Senior class plays. The class carefully concentrates on their English grammar.

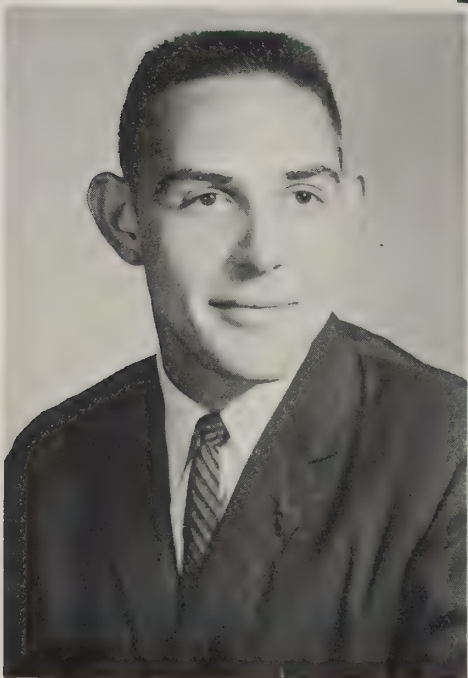

*Mrs. Melrose*

Beverly Melrose (Kent State University, B.A. in Art) helps the Highlanders bring out their artistic talents. She opens opportunities in modern art, ceramics, enameling and other interesting fields of art. The kiln is a very helpful, essential tool used in the process of making ceramics as demonstrated in the picture by an art student.

*Mr. Michener*

Edward C. Michener (Hidelberg College, B.A. in Physical Education), another new member of our faculty, is our head baseball coach and assistant football coach. He teaches the basic fundamentals of science and math in his general science and general math classes. He is shown in the picture teaching possible future scientists.

Clarence Wagner (Ohio State University, B.S. in Education) is our mechanical drawing and shop teacher. Our camera finds the boys working on their projects in one of his woodworking classes.

Mr. Wagner

Mrs. Williams

*Butcher  
Hearne  
Williams*

Alice Williams (Baldwin-Wallace College, B.A. in Education) teaches English and physical education. She is also G.A.A. advisor and Junior advisor. In the picture she demonstrates the correct method of using the bow and arrow.

Eleanor C. Wolf (Mount Union College, A.B.) gives students at Highland the basis of foreign languages in first and second year Latin. Mrs. Wolf is pictured with one of her classes studying the ancient Roman language.

*Mrs. E. C. Wolf*

*Mrs. Wolf*

*Mrs. Webster*

The office secretarial work is accomplished by our secretary, Mrs. Webster. Although she may be working with school records, she is always willing to fulfill a request at any time. Our photographer caught her as she was helping some of the students who request her services.

Mrs. Stein and Mrs. Golden are the women who prepare our high school lunches. At every lunch period they are very friendly although they have worked all morning preparing our meals. Their work does not end here. They prepare many meals for other school functions. We are grateful for their kindness and our delicious lunches.

## The School Scene

Mr. Brunskill, our custodian, is perhaps one of the busiest men in the school. His work is hard, but he succeeds in keeping our high school looking its best. We often see him preparing for the many school activities. One look at our school building will prove his work is well done.

# Junior Class

"Forward ever, backward never" was the motto of the Junior Class of 1959-60 as they worked hard preparing for the Junior-Senior Prom. They had charge of all the concessions at the football and basketball games, and also sold fruit cakes at Thanksgiving and Christmas time in order to raise money.

# Highlander Staff

Trudging down the paths of hard work come the annual staff members. There is a new interest at Highland High School, THE HIGHLAND EXPLORER'S. The purpose of this science club is to promote scientific interests among the students at Highland. Some of them are working on projects which they entered in the science fair Highland had last April.

The club planned field trips to places which were connected with science or were of interest to the members.

## Photography Club

The Photography Club is one of the newest organizations in the school. It is made up of a junior-senior group and a freshman-sophomore group which met on alternating days of the week. The club had slides, movies and discussions about making and taking better pictures. Several members of the club took pictures of some of the extra-curricular activities for the annual. They also took pictures at some events, and then sold them to interested students.

## Secretarial Assistants

This group consists of girls who are planning to be secretaries. The girls belonging to this group have a "C" or better average in typing. Each girl must have some time available to spend in doing secretarial jobs and also have the desire to do this.

These girls do the programs for various activities and events held at any of the three buildings, do P. T. A. programs and do secretarial work for the teachers and the school office. In this way each one gains valuable experience and does a service for their school. Mrs. Myers is in charge of this group.

# Winter Wonderland 1959

Queen Faye Grindle being crowned by her escort, Chuck Zindle.

Just a short jaunt down Memory Lane brings us back to the 1959 Band Dance. Sponsored by the band, this dance, a formal, is the big social event of the holidays.

This year radiant Faye Grindle was crowned queen beneath a canopy of glittering snow flakes, attended by her court, Karen Ruckel, senior attendant, and Larry Brandel; Bonnié Potts, sophomore attendant, and Rudy Zapotoczky; Johnny Grindle, crown bearer; Lestie Tucker, freshman attendant, and Ernie Ailor; Beulah Vermillion, junior attendant, and Larry Grindle. She then proceeded to reign with grace over Highland's very own "Winter Wonderland."

The court  
pauses for re-  
freshment.

# Prom 1959

Silently we steal back through the months, back to that biggest memory of them all, the Junior-Senior Prom.

Sponsored by the Juniors, the prom is the most anticipated event of the year. Traditionally the Juniors and Seniors dine, dance, bowl, and breakfast their way from sundown to sunup. Last year's prom was no exception. Surely these hours of enhancement do deserve their fame as "the most wonderful memory of them all."

# May Dance

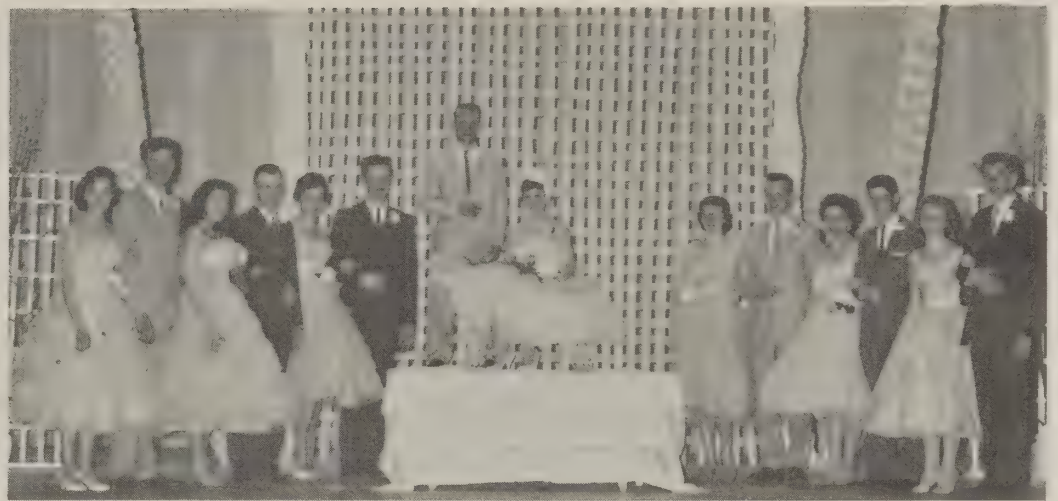

## 1959

Just a few steps more down Memory Lane brings us to the 1959 May Dance. Amid apple blossom trees, a scent of spring-time floated in the air as petite Carole Klein was crowned Queen of May.

Sponsored by the Student Council, the May Dance is an annual and much looked forward to event.

The 1958 May Queen, Sandy McFarland, crowns Carole Klein to reign as queen of the 1959 May Dance.

The court and their escorts are: Mardee Pelot, freshman attendant, and Wayne Mladek; Judy Franko, senior attendant, and Dick Raw; Judy Weger, junior attendant, and Russ Ranftl; Dan Maki and Queen Carole; Judy Pay, junior attendant, and Chuck Raw; Gail Yunker, junior attendant, and Jerry Fox; Janice Maki, sophomore attendant, and Rick Bush.

After the crowning Dan and Queen Carole take time out from all the excitement for some refreshments.

# Homecoming 1959

Queen Lynda surveys the crowd from her regal coach.

These lovely ladies-in-waiting attend our queen.

The attendants await in anticipation to be presented to the crowd.

A fighting Hornet dives through for another first down and victory.

Our last stop on Memory Lane is the 1959 Homecoming. Although the day was cold and dreary, the reign of lovely Queen Lynda Blake and the christening of the new field was more than successful as the Hornets tallied up a score of 30-0 against Shreve's Bulldogs.

That evening in the beautifully decorated gym, the court continued their reign as they presided over the traditional formal dance, the last of the Highland 1959 Homecoming festivities.

This crowning officially begins Lynda's reign as Homecoming Queen of 1959.

The court reigns over Homecoming festivities from their royal throne.

## Senior Trip 1959

Departing from Highland with wide smiles and sparkling eyes the seniors left for their trip to New York for five days. They visited many interesting places, such as the United Nations Building, the Empire State Building, and Rockefeller Center. Although they had a wonderful time they were glad to get home again.

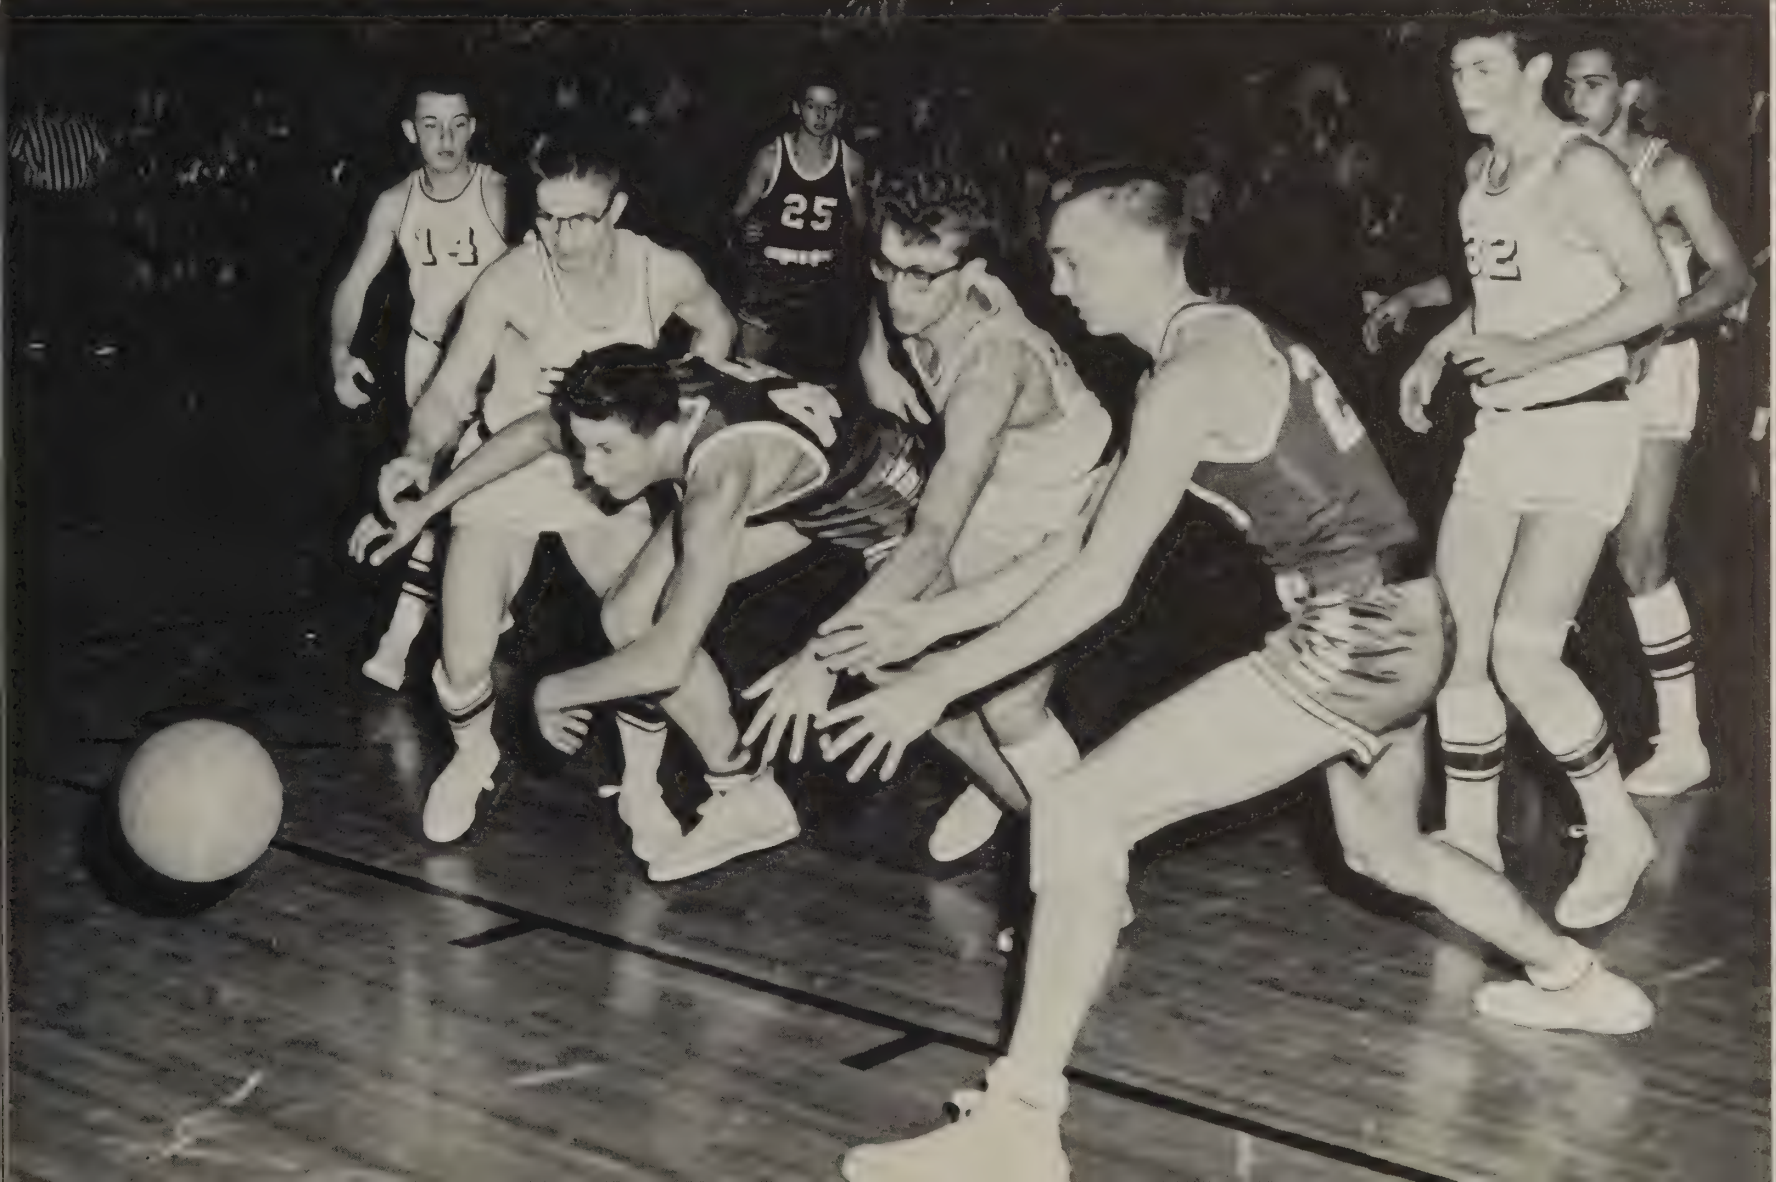

## Commencement

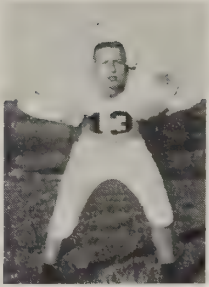

The night was solemn as the seniors took their last look at the halls of Highland High. They marched into the packed gym in their navy blue and white robes while the band played "Pomp and Circumstance." After the graduation ceremonies the alumni were happily congratulated, even though, there was a sadness in the air.

The 1959 football season was a very good one for the Hornets. Led by the new head coach, Mr. Horn, the team made a 4-4 record. Although outweighed in every game this is the most impressive record in recent years. The highlight of the season was the last game. The Hornets stung the picked-to-win Buckeye rivals, 44-0.

Displaying a well-balanced attack which saw six different players leading the scoring for them through the season, the Highland Hornets sputtered to a 10-8 regular season record. Getting off to a slow start, the Hornets dropped three of their first five games but managed to recover to take ten of their next twelve. Three straight losses at the end of the season caused the Hornets to settle for a third place finish in the Medina County League.

Leading the way for Highland this year was Captain Dan Winland, who topped the squad in rebounding besides chipping in with some key points; Chuck Raw, an All-County selection, and two important front men, Buddy Harshbarger and Dave Reiff. Other key members of the squad were seniors, Gary Burton, Larry Brandel, and Roger Pries, and juniors, Dan Connors and Wilson Pritt.

This is only one of the original routines our reserve cheerleaders use.

This pyramid is reminiscent of the athletic stunts our versatile cheerleaders execute.

Our cheerleaders have a major role in encouraging the team onward to victory. These ten ambitious young ladies are always there to provide that dynamic spark of enthusiasm that is associated with basketball and football games. But all is not glory for these girls, for there is a certain amount of practice before their cheers are presentable. Pep meetings aimed at providing a renewed interest in school spirit and boosting team morale are planned by our cheerleaders with the help of their advisor, Mrs. Myers.

These are our vivacious varsity cheerleaders. Left to right: Pat Eckleberry, Gail Davis, Nancy Winter, Joyce Collins, Pat Kamps, Teri Burton.

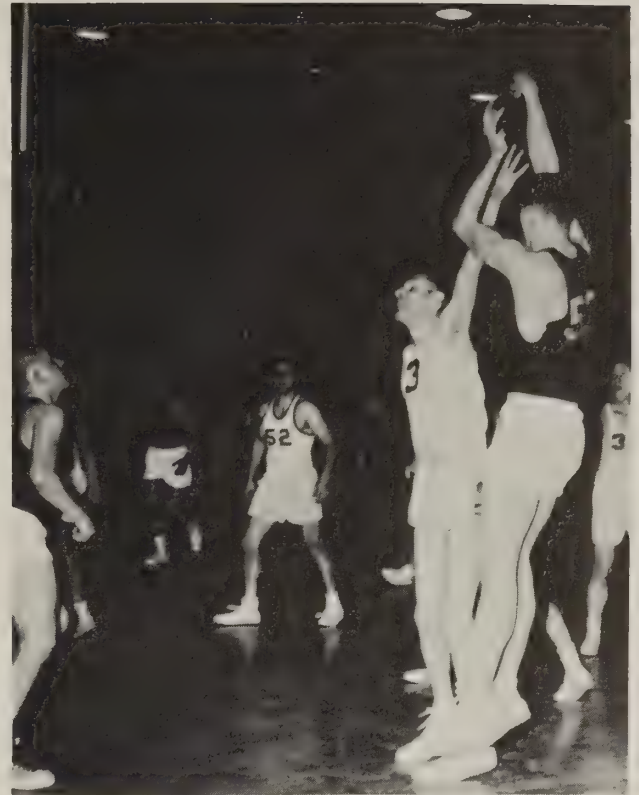

## Senior-Faculty Game

An annual event is the Senior-Faculty Game. A large audience turns out every March to watch the antics of the men teachers and the senior boys decked out in their wild outfits.

Dan Maki makes a set shot.

Tom Connors out-jumps Mr. Soyars for another "swish".

## Athletic Banquet

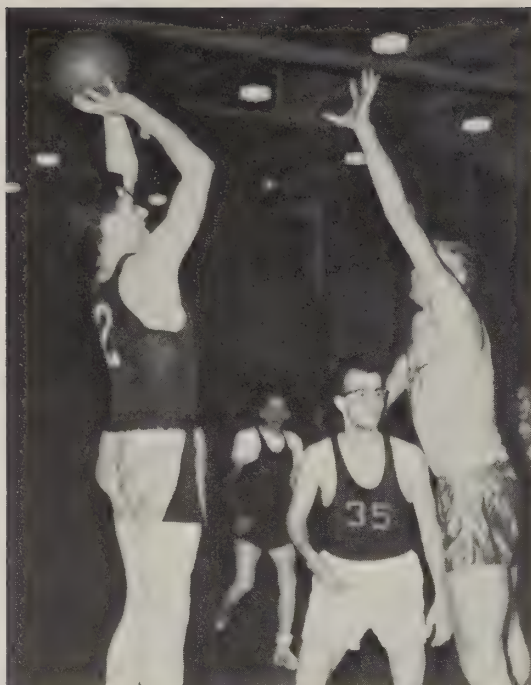

The Athletic Banquet is given for the purpose of issuing the athletes at Highland their awards. The 1959 Banquet featured Baldwin-Wallace Football Coach Lee Trestle.

Coach Gienke awards Dan Winland his first athletic letter.

Speaker Lee Trestle talks about his favorite subject—football.

## WHK One-ders vs. Highland Retreads

The crowd grew excited as the WHK One-ders met our own Highland Retreads in a rousing basketball game that must have been as much fun to play as it was to watch. The not so serious playing finally resulted in a victory for our side. The Retreads consisted of the men teachers from Hinckley, Highland, and Sharon schools.

The money from the game was given to the Booster Club in order that they could buy lights for the football field.

## Stunt Night

After several weeks of planning and rehearsing the various organizations and classes put on their skits, hoping to receive an award for their efforts. Of course, there can be only one first place and the National Honor Society won with their impression of "The Viper." All the skits were very well done and everyone deserved a great deal of credit.

## One Act Play

The Crossroads of Drama are visited each year by Highland's troupers when they enter Medina County's one act play contest. Last year's presentation was "Highness," the story of Anastasia's escape from death in the hands of the Russians. Such notables as Rich Bush, Marilyn Hartman, Gail VanArsdel, and Tom Weidanz starred in this dramatic production.

## Career Day

Possible future walks of life were visited briefly by Highland students last May, when, for the first time, Career Day was held.

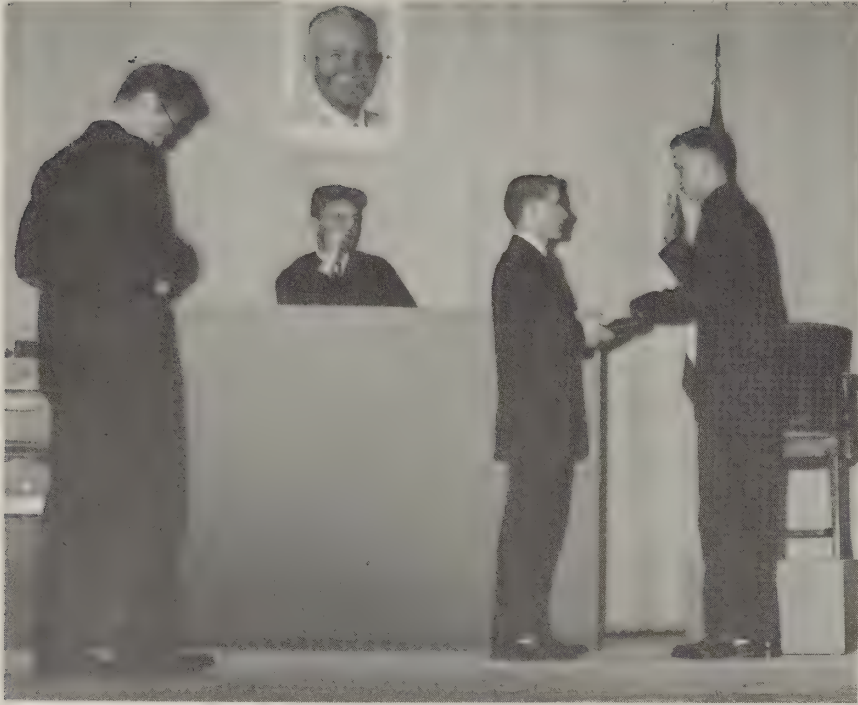

Men and women from all walks of life came in and spoke about their professions. These talks gave many students a better idea of what field they wish to enter. All in all, Career Day was a great success, and has now become an established tradition.

# Junior Play

## 'The Night of January 16th'

The Crossroads of Drama were visited twice again by Highland last year; first when the juniors presented "The Night of January the Sixteenth." A courtroom drama, this excellent presentation had the added feature of the jury's being selected from the audience. Due to the fine defense presented by Pete Formaz, the defendant, Phyllis Carlyle, was acquitted and due to the supreme performance of all the cast, this play was an excellent one and made "The Night of January the Sixteenth" well worth remembering.

## 'You Can't Take It With You'

The second presentation was "You Can't Take It With You" by the seniors. The story of how a young girl's eccentric family can prove a pitfall when it comes to romance, this play was a hilarious one and made the long weeks of practice well worth while.

Dinnertime in the Sycamore home was a time for the gathering of family as well as of friends.

# Senior Prophecy

The year is 1975, I am your Earth reporter, BILL MILLER. We have inter-planetary travel now so we must go to Mars to locate some of the graduating class of 1960.

We board a flying saucer piloted by CHUCK RAW that will take us to the first space station. Here we find JACK BUETTNER pumping high octane gas into KATHY GOLDEN'S new sports jet. As we look around in the space station we see PENNY RINALDI, the waitress, asking ROGER PRIES if he would like a chicken-flavored or steak-flavored pill for his dinner. In the auditorium PHYLLIS CARLYLE is doing some space acting and it's really way out.

We board our flying saucer once more and are on the last leg of the trip to Mars. Along the way we see DAN BERGSTROM selling green cheese at a very low price.

Now we are on Mars. The first town we enter is Shahieger. The General Store is open so we walk in. LARRY COPPERMAN is the owner of the enterprising business. The only other people in the store are GARY BURTON and BOB BRUNING, who are engaged in a thrilling game of checkers. An onlooker, LINDA DAULBAUGH, thinks Gary is cheating.

Let's leave the argument behind and go into the street where we see DON STUVER holding a tin cup. He tells us that he gambled and lost his life's savings, both dollars. He also tells us that if we are interested in something to eat that DICK FREEZE owns and operates a Frosty Freeze Custard Stand. BILL GRAY is the manager who is always terribly frustrated with the little children of the community.

The one and only department store is thriving. In the toy department we find CAROL KLEIN who is the head floor-walker watching DAVE GALBRAITH who is trying to get a five-finger discount. You see in his better days he was a big time gangster but his gang left him and he has to resort to petty crime to earn a living.

Here we are at the baked-goods department. MERRILY DRILLIEN is drilling holes in doughnuts. BECKY LEE is very generously offering her services as an official sampler. Along comes HAROLD SIMS with his Handy Dandy floor sweeper. He is janitor of the store.

From the department store we go back out on Main Street. Here we see PETE FORMAZ with a group of children following him. He is telling a very exciting story. Yes, he has become a wanderer in every sense of the word.

We board the St. Bernard Bus Line which is driven by DENNIS ALBER. He is taking us to NANCY WHEELER'S Broken Wheel Ranch. As we get off the bus we see a cloud of dust and coming through this cloud is NANCY ESTERLE and her side-kick, NANCY WINTER. They are yelling "Rustlers! Rustlers! Call DICK FINDING!" Dick pulls up in about a half hour to investigate the strange disappearance of Nancy's cattle. We later find out that it is the gang of JUDY SCHNEIDER and SANDY SPURRIER who are the culprits. This whole affair is taken to court. In this court we find Judge PEG ROUNDS presiding with RUSS STILES as Bailiff. The shifty-eyed jurors are DORIS MONG, JANET BARTEL, JUDY WEGER and NORMA OLSEN. Even with their brilliant lawyer, LAURETTA BOSWELL, the Nancys lose the case. The sentence is passed and they are sent to Alka-Seltzer State Prison where DICK ROUNDS is warden.

We once again board our flying saucer that will take us back to Earth. The saucer has engine trouble on the way and we crash in the African jungle. GEORGE SOBCZYK, our mechanic, says that it is a useless thing to try and fix it. We abandon the ship and start our long trek through the jungle. We hear shots and we run to investigate. CAROL MILLER just bagged an elephant. We go back to Carol's camp where we see EDI SNYDER pitching a tent. We come

across DAN WINLAND who is now 3'4" tall. He explains that he tripped into a head shrinking solution. We ask them how to get to civilization and we find out that we must cross a desert.

In the desert we see DENNIS OLSEN who is a desert Sheik. Riding in his tribe we see RUSS RANFTL. We ask them for directions to the nearest oasis.

When we came upon the oasis we think it is a mirage because there is SHIRLEY SOMMERS and her winter resort. Here we also find CAROL WINTER giving skiing lessons.

We continue walking until we join a caravan which takes us to civilization. We next board a ship headed for the states. Our captain, GAIL SYLVESTER, tells us that we will have a short stop in Spain. While we are there we take in the bullfights. LARRY BRANDEL is the matador who is fighting the great El Torro, fiercest bull in all of Spain.

On our arrival in the states we hear that President JOHN ZAPOTOCZKY is going to be in a golf tournament with DIANNE GREENE as his caddy. During this tournament we meet the richest lady in the Eastern States. She is SALLY KUDER, she has her chauffeur, JIM McCLURE, with her.

We get into our car and turn on the radio. We hear D. J. LINDA BLAKE spinning EMILY ROBINSON'S latest hit. GARY BOLTE comes blaring on the air with his newest product, New Toni Home Permanent.

We drive to Lowland High School where KAREN DAGUE is teaching Biology. ROGER CRANZ is teaching the Home Ec. classes how to cook. We have the first woman principal in the school who is LENORE YUNCKER. In the office we see WAYNE CADNUM who is a salesman for the Nostwich's Report Card Company, headed by JOHN NOSTWICH, trying to talk the office secretary into letting him into the office. The secretary happens to be KAREN RUCKEL!

We go back to our hotel and tune in to the KEN VITT show on T.V. As his guests he has DICK CARR, a promising ballet student, and JOY VILLWOCK with her trained pedigreed pooches. FAYE GRINDLE is leader of the orchestra for the program.

JERRY KALMEYER hails us a cab so we can go back to the city. We proceed to the VIVIAN SHANAFELT Building where LINDA CANFIELD is secretary to a modern machine. PAT CORBETT is taking notes from her boss, HARLOW TUCKER. JIM THOMPSON who operates the elevator takes us to the second floor where DON VANKE is experimenting with invisible glass.

After we leave the building we see SUSAN HINKLE standing in the street directing traffic. The car that caused all the confusion was from JERRY FOX'S Car Wash.

A stray dog runs by and we see JERRY LUCAS, the county dog-catcher, chasing the dog.

Across the street in bright lights we see "Kuder's Painless Pulling" operated by BECKY KUDER, the dentist. We see JUDY PAY in the waiting room shivering. From inside we hear a piercing scream. MARY MARRONE come running out the door.

Nearby we hear the roar of motorcycles. We find that ELLEN GETTEMY and DOTTIE SOBCZYK are racing for the title Queen of Motorcycles.

Strange sounds are coming from the espresso shop where NANCY GRINDLE is reciting a poem accompanied by PAM HARRIS on the bongo drums. LINDA PAMER and CAROLYN MIHALIK are playing chess in a dark corner of the room.

We have done our duty and found each member of the graduating class of 1960. We hope you enjoyed the trip as much as we enjoyed relating it to you.

To the only Dianne  
I know that spells  
her name with two  
n's, "oh well," don't  
change it. I really do  
like it. We have  
come to know each other  
quite a bit better this  
year I think, and I  
hope we will always  
be as close as we are  
now.

Love always,

Sherry

Dianne,

You are a cat that's not with  
the give in the wheels of old Highland  
High. Row those wheels that are  
always grinding. I wish I knew  
where to get that kind of motor oil  
you use, I need it. (I'm not as smart  
as you). I'll bring the rye, you bring  
the skins and we'll get along with the  
"drive".

Love always

 I don't need to wish you good
